phoning **08 8582 2855**.

Questions

Have you received an sms with a link stating that "you have a health message"?

Instead of sending letters, we now send recalls and clinical reminders for things like Pap smears, blood tests, Skin Checks, Diabetes and Asthma Clinics.

Is it safe to click on the link?

YES IT IS **SAFE TO CLICK THE LINK**. The secure link is set up to protect your privacy and asks you to enter your date of birth and surname to correctly identify you as the patient.

ONLINE SERVICES

Online Bookings

Online appointments mean that you can book 24/7.

To make an appointment—

- Visit our website **www.hotdoc.com.au**
- Download the HotDoc app

SMS Reminders

We now send appointment reminders by SMS—

1. When you receive an SMS reminder simply open the link.
2. And click “Yes” to confirm
3. If you want to cancel the appointment click “No” and it will be done automatically.

SMS Recalls

Our clinic is now using SMS reminders to securely recall you when you need to book an appointment for things like Pap Smears, blood tests or skin checks.

Read your health message in simple steps—
