13. Correction of Personal Information

Consideration of Personal Information (APP's 1 & 2)

Staff receive intensive training on the management of your personal information. We have policies and procedures in place to protect your information, especially in regard to who has access to it.

Giving a patient the best possible treatment for their presentation relies on them identifying themselves accurately. We use patient Identifiers as recommended by the Royal Australian College of General Practitioners (RACGP) standards for general practice. This is essential in relation to further referral, pathology testing and billing for services. If you would like more information on the type of personal information and how we hold, collect, use and disclose information, please ask your doctor or the Practice Manager.

collect health information that is necessary to make an accurate diagnosis, provide appropriate treatment and preventative health care.

Dealing With Personal Information (App's 6,7,8 & 9)

Your personal health information is used or disclosed only for the purposes directly related to your health providers who are involved with your care. There may be some circumstances when information may be disclosed without patient consent. These include:

1. Emergencies
2. Providing Medicare, IMVS, Healthscope, Medical Imaging, Private Health Funds, Workcover, DTEI with information for billing and rebate purposes.
3. By law, doctors are sometimes required to disclose information for the public interest e.g. mandatory reporting of communicable diseases.
4. It may be necessary to disclose your personal information to fulfill medical indemnity insurance obligations.
5. Staff appropriate to their role are trained in Mandated Notification and such reports will be made when needed.
6. Your details, medical records and consultations within Berri Medical Clinic are kept strictly confidential. Generally your health information is only accessed by authorized personnel and will not be released without your written permission. Only de-identified data may be used for reporting and researches purposes.

7. Your privacy is protected nationally by privacy laws. Berri Medical Clinic will take steps to protect patient privacy if information is to be sent to another health provider, but only with your consent.

We would never use or give your details to a third party for research or marketing purposes.

Integrity of Personal Information (APP's 10 & 11)

Your personal health information is securely stored and only accessed when necessary for your care. Your consent is required when transferring to another practice. Your new doctor will arrange this with you. Australian Government Agencies and businesses.
